

Azure Training for Hybrid Environments: Networking Solutions

This Azure training prepares learners to make the most out of the advanced tools and services that Azure has built-in for providing hybrid networking solutions. The advanced networking solutions that Azure provides are some of these often-overlooked utilities. This course in implementing networking solutions in Azure hybrid environments will help administrators make sure their networks use all the Azure tools they need and aren't bloated with anything they don't.

WEEK 1

Implement DNS on Windows Server 2022

158 min.

Introducing DNS on Windows Server 2022	1
How DNS Works	10
Setting Up DNS	11
DNS Record Types	11
DNS Zones	11
Reverse Lookup Zones	5
DNSSEC	12
Summarizing DNS on Windows Server	1

Implement Hybrid DNS in Azure and Windows Server

Overview	1
Introducing Azure Hybrid Name Resolution	2
Understand Azure-hosted DNS	7
Deploy Azure-hosted DNS	9
Understand Locally Hosted DNS	4
Implement Locally hosted DNS	8
Understand Hybrid Multi-Vnet DNS in Azure	5
Implement Hybrid Multi-Vnet DNS in Azure	11
Summarizing Hybrid DNS with Azure and Windows Server	1

Implement Windows Server DHCP

Overview	1
Introducing DHCP on Windows Server 2022	1
How DHCP Works	11
Installing DHCP	8
Deploy Scopes and Options	12
DHCP Reservations	4

DHCP Failover 9

WEEK 2

151 min.

Integrate DHCP with DNS 5

Summarizing DHCP on Windows Server 1

Implement and Manage IPAM

Overview 1

Introducing IPAM 2

Install and Set Up IPAM 31

Manage DHCP 12

Manage DNS 13

Summarizing IPAM 3

Deploy Classic VPNs to Azure

Overview 1

Introducing Remote Connectivity to Azure 2

The Point of VPNs 12

Deploy the VNet 8

Deploy the VNet Gateway 6

Deploy the Local Network Gateway 5

Deploy the S2S Connection 7

Point to Site VPNs 11

Summarizing VPNs 1

Implement Network Policy Server on Windows Server 2022

Overview 1

Introducing NPS 1

What RADIUS Really Does 12

Connection Request Policies 13

WEEK 3

76 min.

Network Policies 10

The 802.1X Wizard 7

RADIUS Groups 14

Summarizing NPS 1

Implement Advanced Hybrid Networking Solutions with Azure

Overview 1

Introducing Advanced Hybrid Networking with Azure and Windows Server 1

Azure Network Adapter 7

Azure Relay 15

Azure Extended Networks 1

Azure Virtual WAN 16

Summarizing Advanced Hybrid Networks 1
