WEEK 1

Describe Types of Core Data Workloads

97 min.

Describe Types of Core Data Workloads	1
Understanding Relational Data	9
Understanding NoSQL Data	8
Relational Data vs. NoSQL	8
Processing Batch Data	7
Processing Streaming Data	6
Data Storage and Processing in The Cloud	8

Describe Data Analytics Core Concepts

Overview	1
Describe Data Analytics Core Concepts	2
Describing Data Visualization	7
Charting and Graphing	7
Advanced Charting	5
Analytics Techniques	8
OLTP vs OLAP Databases	7
Moving Data with ETL and ELT	10
Describe Data Analytics Core Concepts Summary	1
