WEEK 1

Initial Deployment of FortiAuthenticator

151 min.

Intro to Initial Config of FortiAuthenticator	1
FortiAuthenticator Overview	8
FortiAuthenticator Network Design	3
Download and Deploy the VM	6
Initial FortiAuthenticator Config	9
Backing Up the FortiAuthenticator	6
CLI Access to the FortiAuthenticator	5
Changing the Default Route Next Hop	8

Using FortiAuthenticator CA Services

Overview	1
Intro to FAC CA Services	1
FAC CA Services Overview	11
Certificate Game Plan	3
Configure FAC as a CA	7
Configure Computers to Trust New Root CA	5
Configure a FortiGate to Trust New Root CA	7
Issuing a Cert to the FortiGate	10
Using the Cert at the FortiGate	5

Using FortiAuthenticator HA, SMTP, and SNMP

Overview	1
Intro to FortiAuthenticator HA, SMTP, & SNMP	1
FortiAuthenticator HA, SMTP, & SNMP Overview	7
High Availability (HA) Design	7
Implementing HA	7
Simple Mail Transfer Protocol (SMTP)	7

Configure FAC to use External Email Server	7
Simple Network Management Protocol (SNMP)	13

Configuring FortiAuthenticator User Authentication

Overview	1
Intro to FortiAuthenticator User Authentication	1

WEEK 2

157 min.

User Authentication Overview	8
Creating a Self-Service Portal	9
Testing the Self-Service Portal	5
FAC as an LDAP Client	10
Creating a Remote LDAP Group	7
FGT Using FAC as a RADIUS Server	11
FGT Remote Admins	6

Using Wired 802.1X with FortiAuthenticator

Overview	1
Intro to 802.1X with FortiAuthenticator	1
802.1X Overview	6
802.1X Game Plan	2
Add New Remote User Group	4
Update Radius Policy	3
Create Certificate For Use With 802.1X	4
FortiGate RADIUS and Groups	3
Create and Apply the 802.1X Policy	7
Testing 802.1X	16

Configuring 802.1X MAB and Wireless Authentication Using FortiAuthenticator

Overview	1
Intro to 802.1X Wireless and MAB Authentication	1
MAB and 802.1X Wireless Authentication Overview	6
MAB Game Plan	3
Configure FortiAuthenticator for MAB	8
Configure FGT for MAB Authentication	5
802.1X WiFi Authentication Game Plan	3
802.1X WiFi User Authentication	11
Wired 802.1X for the AP Port	14

WEEK 3

Using FortiAuthenticator CA for FortiGate SSL Inspection 158 min.

Overview	1
Intro to SSL Inspection	1
SSL Inspection With FortiAuthenticator Overview	5
SSL Inspection Game Plan	2
Add FAC as Trusted CA at FortiGate	3
CSR on FGT For Cert from the CA	9
Verify Access Prior to SSL Inspection	3
Create SSL Inspection Profile	2
Apply SSL Inspection Profile	4
Train Clients to Trust Root CA	7
Exempting Sites From SSL Inspection	9
Issuing a Cert for FAC Management	7

Using FortiAuthenticator With a FortiGate Captive Portal

Overview	1
Intro to Captive Portal Using FortiAuthenticator	1
Captive Portal Using FortiAuthenticator Overview	5
Verify Users and Groups on LDAP Server	3
Create LDAP Group on FAC	3
Create Access Point, Portal, and Policy on FAC	4
Create Group on FGT	5
Verify User Access Prior to CP	7
Configure Local CP on FGT	5
Configure FGT to use External CP	9
Troubleshooting an External CP	7

Configuring SSO with FortiAuthenticator

Overview	1
Intro to SSO with FortiAuthenticator	1
FortiAuthenticator SSO Overview	8
Verify Existing Self-Service Portal	5
FAC SSO Portal Services	10
FAC SSO General Settings	3
Using DC Polling	7
Configure SSO FortiGate Filtering	4
Configure FSSO Agent on FortiGate	3
Configure FSSO Group on FortiGate	2
Include FSSO Group in FGT Policy	8

Configure RADIUS Accounting	7
-----------------------------	---

Using SAML with the FortiAuthenticator

Overview	1
Intro to SAML with FortiAuthenticator	1
SAML Overview	10
Verify Initial Network	3
Game Plan for SAML	5
Configure Certificate for FAC SAML	2
Configure FAC as an SAML IdP	4
Configure FAC with SAML SP Clients	3
Configure FGT as SAML SP	7
Add SP Client Detail to FAC	3
Test SAML SSO	11
