

Fortinet FortiGate 7.6 Administrator (FCP)

This FortiGate Administrator course prepares intermediate network administrators and security engineers for managing Fortinet firewalls. Configure dynamic routing, set up failover and ECMP routes, and manage DHCP services on FortiGate devices! Take this course and you'll build the skills needed to secure and optimize enterprise networks using Fortinet's powerful security infrastructure.

WEEK 1

Bootstrap a New Firewall

153 min.

Firewall Initial Configuration and Overview	8
Factory Reset and Initial CLI	19
Adding a default route	7
Confirm your Knowledge	14

Configure the DataPlane

Intro to FortiGate Data-Plane	1
FortiGate Data Plane Overview	9
Configure Data Plane Zones and IP addresses	11
Configure Default Route for the Data Plane	4
Configure Permissions for the Data Plane	13
Testing the Data Plane	5
Validation and Reinforcement	7

Configure HQ-FW2

Introduction to config FW2	1
Game Plan for HQ-FW2	8
Factory Reset and Mgmt. Plane	16
Zones and IP Addresses for the Data Plane	7
Static Routes	5
Firewall Policy	6
Testing the Data Plane	5
Validation and Reinforcement	7

WEEK 2

Configure HQ-FW3

158 min.

Intro to Configuring HQ-FW3	1
-----------------------------	---

FW3 Configuration Overview	6
Upgrade Firmware	11
Troubleshooting the Firmware Upgrade	9
Create VLAN Sub-Interfaces	12
Create Zones	2
Create FW Policy Based on Zones	4
Create Static Routes	5
Test Your Knowledge	5

Configure DHCP Services

Intro to DHCP Services	1
DHCP Services Overview	12
Configure FW2 as a DHCP Server	4
Testing DHCP Services	14
DHCP Reservations	6
FortiGate as a DHCP Client	10
DHCP Relay	13
Test Your Knowledge	7

Configure Failover + ECMP Routes

Intro to Configure Static Routes	1
Failover and ECMP Static Route Overview	10
Configure FW1's WAN2 Interface	8
Add 2nd Static Route and Failover	9
Configure ECMP Static Default Routes	8

WEEK 3

157 min.

Test Your Knowledge	7
---------------------	---

Configure Dynamic Routing

Intro to Dynamic Routing on the FortiGate	1
Dynamic Routing Overview	7
Removing Static Routes	5
Using RIP	9
Using OSPF	12
Using BGP	9
Test your Knowledge	5

Configure Firewall Policies

Intro to Working with Firewall Policies	1
Firewall Policies Overview	13
Game Plan for Firewall Policies	7
Deploy Web Server	5
Create FW Policy on FW2	14
Permit Web Services in FW Policy	3
Creating Policies from Dashboard View	5
Feature Visibility	8
Validation for FW Policies	8

Configure Source Address Translation

Intro to Address Translation	1
Address Translation Overview	18
Configure Profile-based PAT in FW Policy	12
Configure Profile-based NAT in FW Policy	7

WEEK 4

159 min.

Configure Profile-based PAT in Central SNAT Policy	6
Configure Profile-based NAT in Central SNAT Policy	3

Configure Policy-based NAT and PAT	7
Customer Scenario	10
Configure FortiGate DNAT	
Intro to Destination Network Address Translation	1
Destination Address Translation Overview	7
DNAT with No Zones and No Central SNAT	16
DNAT with No Zones, with Central SNAT	7
DNAT with Zones, no Central SNAT	9
DNAT with Zones, with Central SNAT	5
Port Forwarding	12
Reinforce Your Learning	4
Configure Certificates on a FortiGate	
Intro to FortiGate Certificates	1
Overview of FortiGate Certificates	14
Viewing Certificates	10
Trusting the Self-Signed FortiGate CA	4
Generate New Cert from Self-signed CA	2
Trusting a New CA Server	5
Installing a Signing Certificate on FortiGate	6
Validation section for certificates	3
Configure Outbound SSL Inspection	
Intro to Outbound SSL Inspection	1
Outbound SSL-TLS Decryption Overview	17
Before SSL Outbound Inspection	9

Create SSL-TLS Inspection Profile	15
SSL Inspection Exemptions	6
Other Options, Exceptions, and Exemptions	11
Customer Scenario	3
Configure Inbound SSL Inspection	
Intro to Inbound SSL Inspection	1
Overview SSL Inbound Inspection	6
Configure a VIP for Destination NAT	2
Configure Firewall Policy to Allow Traffic	11
Extract the Keys and Cert from the Web Server	8
Create an Inspection Profile for Inbound SSL Traffic	3
Attach Inspection Profile to FW Policy	8
Customer Scenario and Troubleshooting	6
Configure FortiGate Web Filtering	
Introduction to Web Filtering	1
Web Filtering Overview	4
Confirm Outbound SSL Inspection and License	7
Pre-Configured Web Filter Security Profiles	8
Create a New Web Filter Profile	5
Pausing the User	7
Safe Search	4
Static URL Filtering	3
Web Filtering Validation	3
Configure FortiGate AntiVirus	
Intro to FortiGate Antivirus	1
Antivirus Overview	6

Prepare the Branch Office FW	13
Using Flow-Based AntiVirus on the Branch Office	19

WEEK 6

153 min.

Using Flow-Based AntiVirus on FW1	10
Using Proxy-Based AntiVirus on FW1	10
AntiVirus Validation	5

Configure FortiGate DNS Filtering

Intro to FortiGate DNS Filtering	1
DNS Filtering Overview	8
Botnet C&C Domain Blocking	10
Enforcing Safe Search	3
Category-Based DNS Filters	7
Static Domain Filter	4
External IP Block Lists	7
DNS Translation	3
DNS over TLS (DoT) Inspection	8
Customer Scenario	4

Configure FortiGate Application Control

Intro to FortiGate Application Control	1
Application Control Overview	11
Application Control Profiles	6
Blocking a Category of Apps	8
Overrides within Category	5
Restricting or Permitting Specific Apps	5
Configure Overrides with Vendor, Behavior, or Risk	9

Test Overrides with Vendor, Behavior, or Risk	15
Quarantine	9
Customer Scenario and Troubleshooting	4

WEEK 7

160 min.

Configure FortiGate IPS

Intro to FortiGate Intrusion Prevention	1
IPS, IDS, and WAF Overview	10
Set up Test Servers	9
IPS Malicious URLs and Botnet C&C	7
Block on Severity Level	10
IPS for Hosted Servers	9
Customizing IPS Signatures	6
Web Application Firewall	11
Troubleshooting Scenario	6

Configure FortiGate DoS Prevention

Intro to Denial of Service (DoS) Policies	1
Overview of DoS Policies	12
ICMP Flooding DoS Prevention	11
TCP Syn-flood DoS Prevention	12
Port Scan Policy	10
Adding Quarantine	7
ICMP_Sweep	5
ICMP Source Session	5
Review and Troubleshoot	8

Configure FortiGate S2S IPsec VPNs

Intro to IPsec VPNs	1
---------------------	---

VPN Overview	8
IPsec Overview	11

WEEK 8

159 min.

Game Plan for IPsec Site-to-Site VPN	4
Begin Configuration on HQ FW1	10
Configure Branch FW VPN	5
Verify the VPN	11
Troubleshooting VPNs	14
Customer Scenario	5

Configure FortiGate SSL VPNs

Intro to FortiGate SSL VPNs	1
FortiGate SSL Overview	7
Tunnel Mode SSL VPN Game	6
Create User, Group, and Certificate	3
Configure SSL-VPN Portal	6
Configure SSL-VPN Settings on FW1	4
Firewall Permissions For SSL VPN Users	6
Setting Up FortiClient	8
Testing the SSL-VPN	5
Troubleshooting Scenario	5

Configure FortiGate HA

Intro to FortiGate High Availability (HA)	1
FortiGate HA Overview	12
Game Plan for FortiGate Active/Standby HA	4
Configure Branch-FW1	9

Configure Branch-FW2	9
Add Monitored Interfaces and Testing	13
Modifying HA	11

WEEK 9

155 min.

Validation of HA	5
------------------	---

Configure FortiGate SD-WAN

Intro to FortiGate Direct Internet Access (DIA) SD-WAN	1
Software-Defined Wide Area Network (SD-WAN) Overview	13
Game Plan For SD-WAN DIA	4
Free up WAN Interfaces on Branch-FW1	4
Create new SD-WAN Zone	3
Set up Default Routes with SD-WAN Zone	4
Set up Permissions and NAT Using the SD-WAN Zone	4
Modify Default SD-WAN Rule	7
Create New SD-WAN Rules	10
Create and Use IP SLA in SD-WAN Rule	16
Validation of SD-WAN	4

Configure FortiGate User Authentication

Intro to FortiGate Authentication	1
FortiGate Authentication Overview	5
Local Password Authentication	10
Configure FortiGate to Use an LDAP Server	9
Include LDAP Authentication in Policy	6
Fortinet Single Sign On (FSSO)	5

Use FSSO in FW Policy	8
Troubleshooting User Authentication	8

Configure FortiGate Admins and 2FA

Intro to Admin Authentication and Two-Factor Authentication (2FA)	1
Admin Authentication and 2FA Overview	1
Local Administrator Authentication	13
Remote Server Admin Authentication	13

WEEK 10

157 min.

Multi-Factor Authentication	6
Configuring FortiToken	9
Testing 2FA	7
Troubleshooting Authentication	8

Configure Fortinet Security Fabric

Intro to Security Fabric	1
Security Fabric Overview	8
Configure HQ-FW1 as the Fabric Root	6
Configure FW-2 to Join Security Fabric	3
Configure FW-3 to Join Security Fabric	3
Using Topology Views	8
Object Replication from the Fabric Root	8
Automation Stitches	5
Security Ratings	10
Troubleshooting a Security Fabric	5

Troubleshoot FortiGate Firewalls

Intro to Troubleshooting FortiGate Firewalls	1
Troubleshooting Overview	9
Troubleshooting Routing	21
Troubleshooting Address Translation	15
Troubleshooting Permissions	9
Packet Captures and Debug Flow	15

WEEK 11

20 min.

More CLI Options for Troubleshooting	9
Troubleshooting VPNs Fortinet	6
Validate your Knowledge	5
