WEEK 1

Build a Fortinet FW Lab using Eve-NG

151 min.

Intro to Building a Lab in Eve-NG	1
Eve-NG Lab Overview	6
FortiGate Lab Topology Design Eve-NG	8
Training Eve-NG to use FortiGate Images	3
Building the LAB topology in Eve-NG	7
Initial Boot of a FortiGate VM	9
Configure LAB NAT-PAT	8
Testing LAB FW to Internet Connectivity	4

Build a Fortinet FW Lab using VMware Workstation

Overview	1
Intro to Building a FortiGate Lab in VMware Workstation	1
VMware Workstation Lab Overview	4
FortiGate Lab Topology Design VMware Workstation	6
Prepare the Networking in VMware Workstation	8
Adding FW VMs to the Lab Topology	8
Bootstrapping the FW VMs	14
Testing LAB PC to Internet Connectivity	10

Build a Fortinet FW Lab using VMware ESXi

Overview	1
Intro to Building a Lab in VMware ESXi	1
VMware ESXi Lab Overview	5
Lab Topology Design	5
Prepare the Networking in VMware ESXi	8
Adding FW VMs to the Lab Topology	8
Bootstrapping the FW VMs in VMware ESXi	6

VyOS Router Configuration	5
Testing LAB PC to Internet Connectivity	6

FortiGate FW Network Fundamentals

Overview	1
Intro to FortiGate Network Fundamentals	1
Overview of FortiGate Network Fundamentals	3

WEEK 2

154 min.

Bootstrap Using the CLI	4
Initial GUI access	4
Data Plane Interfaces	5
Adding a Default Route	7
Verify the Data Plane	11
Initial Config for Remaining Firewalls	18

FortiGate FW IP Routing Fundamentals

Overview	1
Intro to FortiGate IP Routing	1
Overview of Learning Routes	7
Directly Connected Networks	8
Static Routes	7
FortiGate and RIP	12
FortiGate and OSPF	19
FortiGate and BGP	14

FortiGate FW DHCP Services

Overview	1
----------	---

Intro to FortiGate DHCP Services	1
DHCP Overview	9
FortiGate DHCP Server Config	5
Verifying DHCP	7
DHCP Reservations	5
FortiGate as a DHCP Client	6

WEEK 3

159 min.

DHCP Relay	15
------------	----

FortiGate FW Address Translation

Overview	1
Intro to IPv4 Address Translation	1
NAT and PAT Overview	13
Design for Source PAT	4
Source PAT Using the Security Policy	15
Source PAT Using Central SNAT	7
1 to 1 Mappings for Source NAT	7
Destination NAT-PAT Overview	3
Implementing DNAT in Local Policy	7
Implement DNAT with Central NAT	8

FortiGate Virtual Networking and Trunking

Overview	1
Intro to Integration with Trunking	1
Trunking Overview	9
Trunking and VLAN Interface Design	9
Hypervisor Trunking and Switching	6

FW VLAN Interfaces	7
Placing the Router Interface	3
Connecting Client VMs to new VLAN Port Groups	4
Troubleshooting	6

FortiGate VPNs

Overview	1
Intro to FortiGate VPNs	1
VPN Overview	10
Site to Site IPsec VPN Design	5
Implement IPsec Site to Site VPN	12

WEEK 4

92 min.

SSL Remote Access Web Mode Design	4
Implement SSL Web Mode	9
SSL Remote Access Tunnel Mode Design	3
Implement SSL Tunnel Mode	9
IPsec Remote Access	7

FortiGate High Availability

Overview	1
Intro to FortiGate High Availability (HA)	1
High Availability (HA) Overview	10
HA Design	6
Enable Active/Standby HA	8
Adding a Second FW to HA	8
Verifying HA	5
Link Monitoring	5

Adding a Third FW to HA	6
Active/Active HA	8
