WEEK 1

Deploy Google Kubernetes Engine

105 min.

| | |
|-------------------------------------|----|
| Deploy Google Kubernetes Engine | 1 |
| Basic Kubernetes Structure | 5 |
| Deploy a Kubernetes Cluster | 10 |
| GKE Standard vs Autopilot | 11 |
| Logging and Monitoring GKE Clusters | 8 |
| Creating Private Clusters | 16 |

Managing Google Kubernetes Engine

| | |
|--------------------------------------|----|
| Overview | 1 |
| Supplemental File | 1 |
| Managing Google Kubernetes Engine | 1 |
| Inspecting Cluster Inventory | 6 |
| Using Node Pools | 10 |
| Working with Deployments and Pods | 9 |
| Storing Data with Volumes and Claims | 16 |
| Deploying Stateful Sets | 8 |
