

Governance, Risk, and Compliance

This Governance, Risk and Compliance training covers how to manage your organization's compliance-related requirements and balance them with operational risks to provide cost-efficient and in-compliance results. For systems administrators and security professionals, compliance is much more than ensuring that the right people are getting the right data — this training shows you how to prove your work, verify data integrity, and more.

WEEK 1

Standards, Regulations, & Controls

157 min.

Intro to Standards, Regulations, & Controls	1
Control Types	11
Control Functions	11
Regulations, Standards, and Legislation	13
Key frameworks	8
Benchmarks and Guides for Secure Configuration	13
Quiz and Review	7

Policies for Security

Overview	1
Intro to Policies for Security	1
Policies About Personnel	15
Policies and Culture for Learning	10
Diversity and Security	11
End of Life Policies	8
Data Policies	7
Credential Policies	7
Policies about Change	6
Quiz and Review	7

Risk Management

Overview	1
Intro to Risk Management	1
Risk Vocabulary	9
Threat Agents and Types of Risk	7

WEEK 2**156 min.**

Risk Management Strategies 13

Risk Assessments & Analysis 15

BIA and Recovery 13

Quiz and Review 5

Data Privacy

Overview 1

Intro to Data Privacy 1

Roles and Responsibilities 5

Consequences of a Breach 14

Data Types 9

Improving Privacy 6

Planning Data Security 8

Quiz and Review 6

Risk Strategies

Overview 1

Risk Analysis Methods 7

Responding To Risk 11

Types of Risk 7

Risk Management Lifecycle and Frameworks 11

Tracking Risk 4

Risk Appetite, Tolerance, and Capacity 8

Policies and Security Practices 9

WEEK 3**154 min.****Managing and Mitigating Third Party Risk**

Overview 1

Third Party Risk Management 17

Vendor Lock-In/Out and Viability 6

Meeting Obligations 7

Third Party Dependencies 6

Technical Considerations 7

Additional Vendor Considerations 8

Compliance Frameworks and Legal Considerations

Overview 1

Data Considerations 12

Location, Location, Location 8

Regulations, Accreditations and Standards 12

Legal Considerations 9

Contract and Agreement Types 9

Business Continuity and Disaster Recovery Planning

Overview 1

BC and DR Planning 4

BC/DR Planning Process 12

Creating a BC Plan 8

DR Planning 15

Resiliency Technologies 8

WEEK 4**154 min.**

Testing BC/DR Plans 6

Organizational Governance

Overview	1
Security Governance	15
Information Security Strategy	13
Identifying and Managing Strategic Objectives	9
Organizational Roles and Structure	11
Risk Culture	3

Security Program Resources

Overview	1
Policies, Processes, and Procedures	8
Standards, Guidelines, and Architecture	6
Controls, Metrics, and Assets	9
Risk Ledgers, Vulnerability Assessments, and Insurance oh my!	6
Critical Data, BIA's, and BC/DR Planning	10
Incident Logs, Audits, & Culture	5
Security Training, Third Party Risk, & LCR Requirements	6

Risk Governance

Overview	1
Risk Management Standards and Frameworks	14
Three Lines of Defense	10
Risk Profile	9
Risk Appetite, Tolerance and Capacity	8

Legal Concerns and Ethics	13
---------------------------	----

WEEK 5

157 min.

Risk and Threat Identification

Overview	1
Risk Events	17
Risk Analysis	9
Risk Identification	13
Risk Management Workflow	6
Threat Landscape	9
Threat Modeling	3

Vulnerability Analysis and Risk Scenario Development

Overview	1
Vulnerability Analysis	14
Cloud Computing Vulnerabilities	20
Big Data	11
Vulnerability Assessment and Penetration Testing	10
Risk Scenario Development	9
Risk Scenario Tools	4

IT Risk Analysis and Evaluation

Overview	1
IT Risk	6
Risk Assessment Techniques and Reporting	7

WEEK 6

154 min.

Risk Register	4
Risk Analysis Methodologies	6
Business Impact Analysis	11
Continuity Objectives	11

Types of Risk 7

Risk Response

Overview 1

Key Points To Risk Response 5

Risk and Control Ownership 8

Risk Response 11

3rd Party Risk Management 11

Managing Issues and Exceptions 7

Managing Emerging Risk 7

Control Design and Implementation

Overview 1

Security Controls 7

Security Control Categories 6

Security Control Functions 7

Control Objectives and Frameworks 10

Control Implementation 7

Control Testing 12

Risk Monitoring and Reporting

Overview 1

Risk Treatment Plans 11

Risk and Control Reporting Techniques 11

Key Performance Indicators (KPIs) 8

Key Risk Indicators (KRIs) 10

Key Control Indicators (KCIs) 6

WEEK 7

64 min.

Working With Risk Data 9

Data Sources 9

Risk and Control Monitoring Techniques 10
