## WEEK 1

### Back-end Development with NestJS: NestJS Basics 58 min.

Introduction	2
Creating and Running a NestJS Project	11
Basic Request Handling with Controllers	15
Handling Different Types of Requests	10
Basics of NestJS Providers	10

### Back-end Development with NestJS: URL and Query Parameters

Overview	1
Introduction	1
Working with URL Parameters	17
Advanced URL Parameter Use Cases	13
Working with Query Parameters	14
Advanced Query Parameter Use Cases	9

### Back-end Development with NestJS: Request Payloads, Cookies

Overview	1
Introduction	1
Working with Request Payloads	13
Advanced Request Payload Use Cases	8
Testing NestJS Servers with Postman	14
Working with Cookies	16

## WEEK 2

### Back-end Development with NestJS: Simple REST API Example 14 min.

Overview	1
----------	---

Introduction	1
Basic REST API Design	9
Creating a "List" Endpoint	15
Creating a "Read" Endpoint	8
Creating a "Create" Endpoint	10
Creating "Delete" and "Update" Endpoints	13

### Back-end Development with NestJS: Working with Handlebars Templates

Overview	1
Introduction	1
Creating and Rendering Handlebars Templates	14
User-Profile Template Example	9
Combining URL Parameters and Templates	10
Rendering Templates Dynamically	8
Modifying Template Structure with the "If" Helper	8

### Back-end Development with NestJS: Front-end Execution Basics

Overview	1
Introduction	1
Front-end vs. Back-end Execution	9
Front-end Execution Basics	10
Loading Data from NestJS with Front-end Code	12
Modifying Interface Elements	10

## WEEK 3

151 min.

Front-end vs Back-end Demonstration	15
-------------------------------------	----

### Back-end Development with NestJS: Full-Stack Todo List Example

Overview	1
Introduction	1
Basic Strategy and Setup	13
Loading Todo Data	13
Creating New Todos	14
Updating and Deleting Todos	14

### Back-end Development with NestJS: Building a Cookies-Based Shopping Cart

Overview	1
Introduction	1
Setting Up a Cookies-Enabled Project	9
Creating Products and Shopping Cart Services	9
Loading Products and Shopping Cart Data	17
Adding and Removing Shopping Cart Items	13

### Back-end Development with NestJS: Building a Shopping-Cart Front-end

Overview	1
Introduction	1
Creating a Products Page	12
Creating a Shopping Cart Page	13

## WEEK 4

159 min.

Adding to Cart from the Front-end	9
Removing Items from the Front-end	15
Parsing Cookies with Middleware	5

## Back-end Development with NestJS: Building a Blog Site

Overview	1
Introduction	1
Project Design and Setup	8
Creating the Pages	9
Creating the Articles List Page	12
Implementing the Individual Article Page	6
Creating a Navigation Bar	8
Displaying a "Not Found" Page	11

## Back-end Development with NestJS: Adding Front-end Logic to a Blog Site

Overview	1
Introduction	1
Adding Upvotes to the Front-end	8
Adding Upvotes to the Back-end	11
Adding Comments to the Front-end	12
Adding Comments to the Back-end	12
Building a Reusable Articles List	8

## Back-end Development with NestJS: Working with MongoDB

Overview	1
Introduction	1
Installing and Running MongoDB	6
MongoDB Basics	10

Updating and Deleting Data in MongoDB	10
Adding MongoDB to NestJS Projects	15

## Back-end Development with NestJS: Adding MongoDB to NestJS Projects

Overview	1
Introduction	1
Moving Application Data into MongoDB	9
Loading Data from MongoDB	7
Asynchronous Code in NestJS	7
Creating Data in MongoDB	8
Updating and Deleting Data in MongoDB	7
Centralizing MongoDB Connection Code	11

## Back-end Development with NestJS: Middleware

Overview	1
Introduction	1
NestJS Middleware Basics	10
Adding Middleware to Modules	6
Modifying the Request and Response Objects	14
Applying Middleware to Specific Routes	12
NestJS Interceptors	8

## Back-end Development with NestJS: Advanced Middleware Use Cases

Overview	1
Introduction	1
How Middleware Can Help Us with URL Parameters	7

Inserting and Finding Data in MongoDB	12
---------------------------------------	----

## WEEK 6

---

**111 min.**

Processing URL Parameters with Middleware	12
Creating Configurable Middleware with Mixins	8
Troubleshooting Middleware Mixins	12
Processing Cookies with Middleware	11
Implementing a Shopping Cart with Middleware	9

### **Back-end Development with NestJS: Build a Tic-Tac-Toe Game API**

Overview	1
Introduction	1
Basic Game Flow and Implementation	6
Creating New Games	14
Accepting Player Input	8
Generating Computer-Player Moves	13
Calculating Ties and Wins	14
