## WEEK 1

### Plan a Google Cloud Storage Solution

154 min.

Plan a Google Cloud Storage Solution	3
Understanding Google Cloud Storage	9
Understanding Google Bigtable	6
Understanding Google Datastore and Firestore	7
Understanding Cloud SQL	6
Understanding Google Persistent Disks	6
Understanding Cold Storage Options	6
Understanding Other Storage Options	3
Google Cloud Storage Summary	3

### Deploying Google Data Solutions

Overview	1
Deploying Google Data Solutions	1
Deploying Google Cloud Storage	9
Deploying Google Cloud SQL Instances	10
Deploying Google Cloud Spanner Instances	9
Deploying Google Firestore Databases	6
Querying with Google BigQuery	5
Deploying Google BigTable	6

### Managing Google Data Solutions

Overview	1
Managing Google Data Solutions	1
Securing Cloud Storage	8
Managing Object Protection and Lifecycle	13
Securing Persistent Cloud Databases	9
Managing Cloud SQL Backups	6

Encrypting with SSL Certificates 9

## Google Cloud Storage 2014: Qualified Developer

Overview 1

What is Google Cloud Storage? 7

## WEEK 2

---

**115 min.**

Google Cloud Storage Admin 10

Demo: Google Cloud Storage Admin 9

Authorization Options 8

Demo: Cookie-Based Authorization 9

Demo: OAuth 2.0 Authentication 18

Access Control 13

Demo: Access Control Lists (ACLs) 7

Demo: Signed URLs 11

Object Change Notification 6

Demo: Object Change Notification 7

Storage Policy 6

Google Cloud Platform Qualified Developer 10
